

SOUTHERN COPPER & SUPPLY COMPANY, INC.

## Coronavirus: Southern Coppers Statement Letter regarding the (2019-nCoV) Outbreak

While Southern Copper is concerned with the health risk associated with the Corona Virus, we are confident the effects to our supply chains in China are marginal due to being multi sourced from many countries. Southern Copper is monitoring its Chinese supply partners as well as our other international suppliers. It is Southern Coppers goal to ensure quality and services will not be affected.

A handwritten signature in black ink, appearing to read "Matt Riha", is written over a thin horizontal line.
