

Conflict Mineral Compliance Declaration

Southern Copper & Supply Company, Inc. recognizes its customers' inquiries regarding compliance with the provisions implemented in section 1502 of the 2010 Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (15 U.S.C. section 78m). Herein this statement Southern Copper & Supply Company, Inc. defines the scope of this declaration to the minerals commonly known as 3TG.

As a privately-owned company, Southern Copper & Supply Company, Inc. is not subject to the reporting requirements of this Act but offers this statement to its customer base to aid in "their conflict mineral assessment". We take seriously the ethical and humanitarian issues arising from these conflict minerals. Thus, have inquired with our providing suppliers and or mills to learn their stance toward utilizing product minerals from conflict-free zones. This to insure the 3TG mineral distributed by Southern Copper & Supply, Inc. did not originate from the Democratic Republic of the Congo (DCR) or neighboring countries. It is from this investigation Southern Copper & Supply Company, Inc. in good faith (from its supplying vendors and mills) asset that the 3TG products distributed by Southern Copper & Supply Company, Inc. originate from conflict-free countries.

Respectfully,
