Taco Soup

Candace Mangham

Ingredients

- 2 pounds of ground beef
 - 2 cans of light red kidney beans
 - 2 cans of black beans
 - 2 cans of white shoepeg corn
 - 2 cans of rotel
 - 3 packs of taco seasoning
 - 1 ranch dressing mix
 - 2 8oz cans of tomato sauce
- ⇒ For serving you will also need: Fritos, Shredded Cheese and Sour Cream

Directions

Brown ground beef in a pan while seasoning with 2 of the taco seasoning packets.

In your crock pot put the last packet of taco seasoning along with the ranch seasoning .

Add all of your canned ingredients to your crock pot. **DO NOT DRAIN ANY OF THE CANS** before adding. Stir to ensure that all ingredients have been well blended.

Once the ground beef has been cooked and seasoned add to your crock pot.

Cook on low for at lease on hour.

Notes

This soup is best served in a bowl on a bed of Fritos topped with shredded cheese and sour cream. If you are cooking in a pot rather than a crock pot make sure you heat the soup to a boil before serving. This soup **WILL ALWAYS** taste better the next day, the fridge does amazing things overnight.
